5/8" Residential Meter – \$100 deposit Requested installation date: _____

If renting, Landlord's name, address, & phone number

Regulations:

- Water meters are read on or near the end of the service month. Payment of fees for City Services is **due by the 20th of the following month.**
- Water will be turned off if payment is not received by the end of the month in which it is due, unless payment arrangements have been made prior to the due date. No other notice will be given.
- If service is shut off due to non-payment, a **\$75 reconnection fee** plus any past-due balance must be paid before water service will be restored.
- Garbage pickup is once a week on Tuesdays. Smaller residential containers should be placed on the boulevard for pickup, and must be removed from street-side once it has been emptied.
- **All trash must be bagged** before being put into a dumpster, both the smaller residential and the larger central containers.
- A garbage container will be provided by our contracted service. The City of Taylor will not be responsible for loss or damage to the plastic containers.
- Certain items cannot be disposed of in the plastic containers – including yard waste (i.e., grass clippings, leaves, tree limbs), which can be taken to the City dump ground, or hazardous materials (i.e., car batteries, chemicals/paint, electronics), which can be disposed of at the Dickinson solid waste facility.

I fully understand and agree to abide by these regulations.
